3. This problem had been previously discussed with the Director of Personnel in connection with a proposal by the SSA/DOS that Personnel recommend the appropriate Career Service Designation for such positions and personnel in the Claudastine Services. Accordingly, on the basis of this previous discussion, it was agreed that the Administrative Services Officer positions and personnel would not be considered a part of the ST Career Service Staffing Authorization, that Office of Personnel would work with Office of Training in filling positions of this category and in placing personnel of this type, and that a formal resolution of the correct service designation for these positions and personnel (or the necessity for designations) would be resolved at a later date.
